

# **Fun Palace Parliament**

## **What would we like politics to be like?**

### *First round*

1. Community led
2. Fair
3. Meaningful
4. Everyone to have a voice
5. Constructive
6. Enjoyable and engaging
7. Simple
8. Trustworthy and inclusive

*After thinking for 2 minutes each way*

### *Second round*

1. Thinking of refugees - If we can imagine peoples suffering, we can think of ways to help.
2. More local, power should not be invested in too few people.
3. Able to discriminate between fact, possible fact and opinion.
4. Get things done – carry out the ideas we think of.
5. It is urgent to learn to listen to each other.
6. Inequality is damaging – there should be less of a gap between the richest and the poorest
7. Allow creativity and accept that mistakes can be made.
8. Move more to intrinsic value rather than extrinsic, move away from the implicit genderising of politics,

### *Actions*

*After thinking in pairs for 3 minutes*

#### Round 3

| <b>Actions for self</b>   | <b>What could be done by others</b>   |
|---|---|
| Badger people to have political conversations according to timed talk. Get them to look at our video. | Speak without interrupting and hear what people really believe is important |
| Get the Demo Café to work   | Get real about housing  |
| Challenge people who say politics doesn't concern them  | Get informed about the issues   |
| Act locally, think globally   | Understand that it is a global world  |
| Share peoples' stories  | Goals can be more sympathetic and aware                                     |
| Get more involved in community groups, more local involvement   | We could all pay more tax, apart from the very low waged                    |
| Finish writing my play about the economy  | People could learn about and use the good ideas that are already out there. |
