

One pot Fun Palaces

Ingredients (always use)

- The **Fun Palaces logo** up top. Partners' down low.
- **Red!** HEX #E81902
- **Yellix font.**
- **Triangle** – our playful shape. Use it solo, or go wild.
- **Real people** doing real things (photos, drawings, anything alive)

Method (cook up your design)

1. **Start with a splash of red** – backgrounds, headings, triangles!
2. **Add your ingredients** – image + text + triangle .
3. **Use the Yellix font** – chunky and clear. Futura works too.
4. **Drop the logo in** – proud, visible, not too small.
5. **Stir in joy, movement, and a DIY feel** – this isn't corporate!

It feels like Fun Palaces when:

- It feels like your **activist best friend**.
- You'd **smile** if you saw it on a lamppost.
- **Kids** and **elders** and **rebels** would stop and look.

fun palaces

Great example

- Real community photos
- Triangles, triangles, triangles!
- Clear font. Yellix or similar

Community Skills Activation Hub - A Fun Palaces Initiative

We are pleased to announce the implementation of the 2025 Community Skills Activation Hub, a project designed to facilitate knowledge exchange, practice engagement, and soft skills development among cross-demographic local stakeholders.

This initiative, delivered under the auspices of the Fun Palaces network, will occur on Saturday, 5th October, from 10:00 to 12:30, at the Municipal Leisure Complex, Gadsden House II.

Attendees will have the opportunity to participate in strategically created micro-workshops across a variety of non-specialised domains, including location paper folding, audience music-making, exposure, and colour-based surface decoration. Sessions will be led by community knowledge-holders operating within informal, non-accredited instructional frameworks.

Key performance indicators for the event include: increased social cohesion metrics; one-to-one evidence of intergenerational information transfer; and the facilitation of generative agency through co-located participation. Refreshments will be available at designated hydration stations during approved intervals.

Places are limited and may be allocated via speculation to persons attending; formal advice is neither encouraged nor actively discouraged.

We thank our leading partners and logistical volunteers for their commitment to this low-risk engagement format and look forward to mutual disruption and moderate satisfaction across all attendee categories.

Not quite example

- Rogue font
- Stubby triangle (geometry is important!)
- Corporate feel
- Dull red.
- Where are the real people?
